HEAVY OUTPUT AT

Tomato Yield Largest in History, and Other Products Indicate Gains,

Ogden, Oct. 4.-With an estimated output of 510,000 cases of tomatoes, the many canning factories of this locality are preparing to wind up what has probably been the most successful year in their history. The crop has been phenomenal in all parts of the county, many localities producing 30 tons per acre. The unusually dry, hot summer, matured the tomatoes before summer, and the unpearance, as in many summer, matured the tomatoes before frost made its appearance, as in many former years. Other products of the local factories have been proportion-ately large and both farmers and can-ners are optimistic over, the splendid showing.

GREEK LABORER GROUND TO PIECES

Ogden, Oct. 4.—While attempting to cross the track in front of the rapidly approaching overland limited at Bryan, Wyo., shortly before noon on Monday, Peter Salanles, a Greek track laborer, was instantly killed, his body being literally ground to pieces beneath the wheels of the engine. Salanles was with a section gang which had just removed a hand car from the track as the passenger train approached and before any member of the party knew it, he attempted to jump across to the other side and was caught by the locomotive. The passenger train was in charge of Conductor George Allen and Engineer William Gorman. It is learned that a brother of Salanles was present and witnessed the terrible accident. He was prevented from rushing to his brother's aid, by cooler headed members of the gang. The body of the dead man was shipped to Pueblo, Colo., for burial.

FUNERAL SERVICES, INDUSTRIAL INMATE

Ogden, Oct. 4.-The funeral of Louis Ogden, Oct. 4.—The funeral of Louis Christensen, a student of the state industrial school, was held Monday afternoon at 2 o'clock from the Larkin undertaking establishment. The 'services were largely attended and the floral tributes were numerous. Ralph Abbott rendered the solo, "O My Father," the male mymbers of the school, who were present in a body, dressed in cadet uniform, sang "Nearer My God to Thee." Orson-Griffin sang, "Face to Face." The speakers were Judge Volney C. Gunnell and Dr. E. G. Gowans. The grave was dedicated by Elder C. J. Call. The boys of the school marched in the funeral cortege, school marched in the funeral cortege, headed by three buglers, who played a military funeral dirge. At the grave the boys marched around the casket and dropped flowers, following which a military salute was fired and taps were sounded by the trumpeters.

WATER WORKS BIDS. Provo. Oct. 4 .- The following bids were received on the waterworks aquaduct and pipe line construction work by the city council last evening:

AQUADUCT. James Kennedy Construction com-pany, \$51,845.30. Holdaway Loan & Investment com-pany, \$47,048.36. Strange & McGuire, \$56,464.35.

PIPE LINE.

James Kennedy Construction com oany, \$46,359.15.
Wheelwright Construction company, \$46,775.74.

Engineering com any, \$47,597.69. Strange & McGuire, \$50,318,53.
The two lowest bids, Holdaway Loan Investment company, on the aqua

& Investment company, on the aquaduct, and James Kennedy Construction company on the pipe line, were retained and will be further considered by the council, and will probably be accepted. These bids are about \$8,000 lower for the entire work than the lowest bids submitted Aug. 30.

The city recorder reported \$833.80 collected in licenses for the quarter ending \$250.00 for the control of the co ing Sept. 30, 1910.

The committee on streets and alleys reported in favor of street crossings on the east side of Third West street, from Center to Sixth South, and on the north sidewalk of Fifth South street from academy avenue to Fifth West street. Reports adopted. The same committee reported favorably on sidewalk paving on First West street, from Fifth North street to Seventh North street Report

A resolution was passed authorizing the City auditor to issue warrants for paving extension 4, paving district No.

advances from the center of the cylinder to the point of the teeth after they hit the ground, throwing off the brush load and then recedes, leaving the teeth ready for a second entrance to the ground. The grubber pulverizes the surface of the ground and leaves it in excellent condition for plowing. The grubber is pulled by a steam engine and is a proven success.

Mr. Frank Briggs of Caro, Mich., who has invented a beet digging and topping machine, and O. E. Kenyon of Seattle, Wash., who is financing the proposition, are in Lehi with a machine, or really two machines, they had made in Salt Lake, trying them out. One machine to top pull and pile was made but was found-too heavy, so two machines were made, one to top and the other terrull and pile. teenth Century club appeared before the City council and asked to have the ordinance providing for keeping the sidewalks free from weeds and rubbish enforced, in order that the city might present a creditable appearance on the occasion of the State Federation of Women's clubs, Oct. 12, 13 and 14. The city marshal was instructed to enforce the ordinance.

made but was found too heavy, so two machines were made, one to top and the other to pull and pile. The topping machine consists of a chain rapidly driven disc cutter which cuts the tops off the beets, laying them to one side, and weighs 760 pounds. The piling machine, which lifts the beets out of the ground, knocks the dirt off them and piles them in convenient piles, weighs 1,360 pounds. With a few alterations, the inventor hopes to have the machines do their work perfectly. Births during the past week; To Mrs. John Bone, Jr., a son; to Mrs. Roy Roberts, a daughter; to Mrs. H.
